Eric	Rasmussen	Acra	NY	Think of your constituents!
Shelly	Drum	ashland	NY	We need to look into saving taxpayers money we are not a bottomless source of money. You increase taxes on us and business it give more reason for people to leave the area. Especially on the mtn top.
Diana	Abadie	Athens	NY	I strongly support a sharded jail with another county. From reading the Commisions report, it seems that less than 35 persons are housed at one time. Given the current staffing issues (high turn over due to state facility) coupled with the policy deficiencies a shared facility outside of Greene County is prudent. Finially , the cost/benefit ratio of inmate to building costs and the tax burden to citizens of this county are finiacially unreasonable. We need a feasibility study. hank you.

Josh	Lipsman	Athens	NY	
Scott	Myers	Athens	NY	Greene County already wasted \$623,000+ on plans they cannot use. Committing \$30,000 to explore legitimate solutions is simply required petty cash compared with the waste and distraction to date. Albany's report primarily slammed the jail management. Fire Michael Spitz immediately, the report demand it. Greg Seeley says he won't run again in November, good, he's not competent. They let the jail run down on purpose, damaging everyone in there while they did. With judicious work the numbers of people detained is likely to drop to 20. Even considering 116 new human cages is wholly sociopathic. Enough is enough!
Anthony	Patsky	Athens	NY	

Ronald	Puhalski	Athens	NY	Please vote yes and proceed with the study to share a jail with Columbia county. Ron Puhalski
Sam	Sebren	Athens	NY	Not conducting the feasibility study seems a bit fiscally irresponsible. Thank you for looking out for the taxpayers and conducting the study.

Micaela	Bulich	Catskill	NY	A shared jail is the best option for fiscally responsibly solving this need.

Niva	Smith	Catskill	NY	
Frances	Spark	Catskill	NY	Please be responsible and continue with the feasibility study. Abandoning this approach would be detrimental to all residents and taxpayers of both counties, and a huge mistake.
Lori	Sturges	Catskill	NY	
Marc	Swanson	Catskill	NY	Please consider and find the reasearch into the alternative to a new Jail. ItÃ¢â€™s just so much money that could be used to help develop or county economically that could lead to many more jobs than the new jail has to offer.
Margaret	Tomlinson	Catskill	NY	Compared to the cost of a \$52 million jail, the cost of the feasibility study is very small and can easily be absorbed by taxpayers. We owe it to ourselves to fully explore the option of a shared jail with Columbia County, which could save taxpayers many millions of dollars.

				I support full employment in Congressional District 19 but I do not support building separate Jail facilities for adjoining counties when a single facility will do the job at a lower price point. Additionally, as we see a greater political considerations focusing on reducing our too high levels of incarceration we should not be overbuilding such facilities. Do the study first, then decide how best to increase facilities.

				I urge the committee to do the fiscally responsible , taxpayer-sensitive thing and vote to authorize the 2- County feasibility study. Given that NY state will likely reimburse the cost of the work, there is no reason to oppose this resolution. The alternative is to deposit one's head in the sand, and blindly rush into the largest capital debt assumption ever considered by Greene County for a facility that may not be necessary without exploring every potential and viable option to save taxpayers being burdened with a giant tax increase. Vote YES on the resolution to authorize the 2-County correctional facility feasibility study. On behalf of all anxious Greene County taxpayers, I thank you.
